Texas Wall Street Women, a 501(c)3 organization, proudly supports the Foundation for the Education of Young Women (FEYW), which was founded in 2002 to provide a college preparatory education for young girls in Texas from predominately economically disadvantaged families. With a unique public/private partnership model, FEYW has established 6 all-girls, college preparatory schools across the state of Texas. The schools offer underserved urban girls in Texas an opportunity for a brighter future through a college preparatory education. Each school is built upon core values of college readiness, responsible leadership, and wellness life skills. The goal of FEYW is to continue to graduate 100% of their enrolled students and continue with their 100% acceptance rates at universities across the country.

Why Girls Education?

Studies have shown that investing in the education of girls reaps a double dividend - an educated young woman will become an adult who invests in her children's education, who earns money and respect for her family and community, and who tips the balance from poverty to progress not only for the girl, but for the future family she will have. We at TXWSW are volunteering our time, resources and passion for their future and the future of our state. We ask you to help us continue the work of changing outcomes for these underserved girls and their future families.
